

YOUR ORDER, IN FIVE MINUTES.

Every Elegelli distributor orders through one place: the B2B portal. The full catalogue, live wholesale pricing, your minimums and the checkout — always current, no forms to request and no spreadsheets to reconcile. This guide walks the whole journey once; after that, reordering takes minutes.

01 ENTER WITH YOUR ACCESS CODE

One code, sent with your account. Your device stays signed in for 30 days.

02 FIND YOUR SHADES

Colour families, a best-sellers filter, and search by SKU, shade or family.

03 BUILD THE ORDER

One press adds a SKU at its minimum — or paste a whole list into Quick Order.

04 REVIEW & SEND

Totals, VAT, a shareable order link — then checkout, or an inquiry for quoted lines.

05 RECEIVE IT

Confirmation by email; fresh-batch production ships tracked from France.

THE PORTAL

b2b.elegelli.com

Works on any browser, desktop or phone. Your basket is saved on your device for 30 days — build an order over several visits.

NO ACCESS CODE YET?

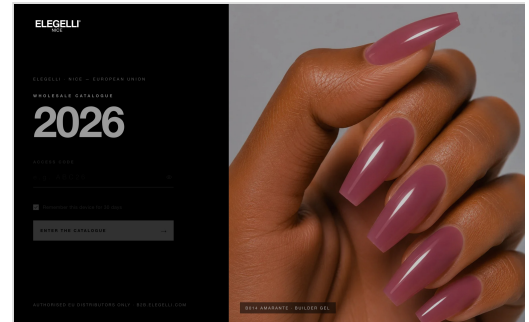

Codes are issued with your distributor account. Write to **contact@elegelli.com** — or use the application link on the portal's entry page.

01

ENTER WITH YOUR ACCESS CODE

Open **b2b.elegelli.com** and type your code — it is not case sensitive, and the eye icon shows what you typed. Leave *Remember this device* ticked and the gate stays open for 30 days on that computer or phone.

- On a shared computer, untick it — or use **Lock catalogue** in the page footer when you leave.
- Three wrong attempts shows a help line; your code comes from your account manager.

THE ENTRY PAGE — CODE, REMEMBER, ENTER

02

FIND YOUR SHADES

- **Colour families.** Builder gel and gel polish group the way a shade wall is planned — Clears & Whites, Soft Pinks, Reds & Burgundies...
- **Best sellers.** One filter shows the 19 proven SKUs with the reduced 50-unit minimum — the natural first assortment.
- **Search.** By SKU (**B003**), shade name (**milky white**) or family (**nudes**).
- **Two views.** The photo grid for choosing; the compact list for reordering. Every product also has a direct link you can share.

BUILD THE ORDER, CARD BY CARD

Every card states both prices and its minimum. One press on **Add** puts the SKU in your order at that minimum; the stepper and the quantity field take it from there.

- **MOQ 100** per SKU across the range; **MOQ 50** on best-sellers, marked on the card.
- Type any quantity — below the minimum it is raised, stepping down past it removes the line. No invalid states.
- *In order* marks what you already hold, and a black bar at the foot of the page keeps the running total — units, saving, wholesale — with you as you browse.

A CARD IN THE ORDER — STEPPER, MINIMUM, BADGES

OR PASTE THE WHOLE LIST — QUICK ORDER

Reordering from a spreadsheet or a shade plan? Open **Quick Order** in the header and paste one SKU per line with a quantity — **B003 100** , **189, 50** and **RB001 x 200** all work.

- The preview shows every match by name before anything is added.
- Quantities under the minimum are raised and flagged — nothing silent.
- One press writes the whole list into your order.

04 REVIEW & SEND

Order opens your basket: every line with its quantity, the RRP total, your saving, and the wholesale total.

- **Email** — required; your confirmation goes there.
- **EU VAT number** — optional; a valid intra-EU number invoices under the reverse-charge mechanism.
- **Copy order link** — hands the exact basket to whoever approves or pays it; opening the link rebuilds the order.
- **Download CSV** — the order as a file, for your records or your ERP.
- **Checkout on elegelli.com** — your -50% distributor pricing is applied automatically. Pay by card, Klarna, PayPal, SEPA/SWIFT transfer or USDC.

A line marked *quote required* routes the order to **Send an inquiry** instead — a pre-filled email to our trade team, with a full copy of your order on your clipboard. Same order, answered within 24 hours.

The screenshot displays the 'ORDER' section of the Elegelli interface. On the left, a product card for 'BLANC MEJE' (A frosted white build) is shown with a price of €14.95 (RRP €29.90) and a quantity of 50. The right panel shows the 'ORDER' summary with two items: 'MILKY WHITE' (B003 - 30 ML) at €747.50 and 'DIAMOND TOP COAT' (TC-001 - 10 ML) at €400.00. The total RRP is €2,295.00, and the total saving is €1,147.50, resulting in a wholesale total of €1,147.50. The interface includes options to copy the order link, download a CSV, and checkout on elegelli.com. A note at the bottom states: 'EXCL. VAT · REDUCED MOQ ON REQUEST · REVERSE CHARGE WITH A VALID EU VAT ID'.
